

## FIGURES

Sonic Cone Penetrometer Testing Truck.....	10
Spectral Gamma Probe for Subsurface Penetrometer .....	14
Contaminant Transport Study Area in Siberia.....	16
Russian Driller and American Researcher Installing Strata Sampler™ .....	16
Subsurface Drilling Sensors and Real-Time Data Analysis .....	20
Alternative Landfill Cover Demonstration Site.....	23
Acquisition of Remote Sensing Emission Spectra on Plant Health.....	27
Remediation Monitoring with Electrical Resistance Tomography .....	29
Subsurface Monitoring of Dense Non-Aqueous Phase Liquids .....	33
Comparison of Conventional and Advanced Tensiometer Systems .....	36
Water Pressure Changes in Fractured Rock Analog Well.....	39
Portable System for Determining Subsurface Flow Rates and Pressure Profiles.....	42
Cone Permeameter™ Measurement Diagram.....	43
Subsurface Barrier Validation Using SEAtrace™ Monitoring System .....	46
Exploded View of Rapid Liquid Sampler Components .....	50
Portable Radioactive Contaminant Sampling System .....	51
Conceptual Design of High-Level Waste Tank Fluid Monitoring System .....	54
Spectral Analysis of Chemical Species in Waste Tanks.....	56
Diagram of Slurry Transport Monitoring Test System .....	59
Ultrasonic Signal Variations in Monitoring Transfer Pipeline Solids Concentrations.....	62
Diagram of an Ultrasonic Percent-Solids Waste Tank Slurry Monitoring System.....	63
Nuclear Magnetic Resonance Technetium-99 On-Line Monitoring System .....	65
Graphic User Interface and Output Plot of Nuclear Magnetic Resonance Monitor.....	66
Artist's Rendering of Cesium-137 Monitor .....	68
On-Line Cesium-137 Process Monitoring and Control System.....	69
Interferometric Spectrometer for Monitoring Toxic Metals in Incinerator Emissions .....	73
Laser-Induced Breakdown Spectrometer for Monitoring Mixed Waste Emissions.....	75
Metal Emissions Monitor Installed on Toxic Substances Control Act Incinerator .....	76
Scientist Testing Performance of Continuous Emissions Monitor.....	79
Testing Mercury and Particulate Matter Continuous Emissions Monitors .....	79
Evaluating Non-Destructive Assay and Non-Destructive Evaluation Technologies.....	82
Illustration of Handheld Uranium Survey Tool.....	86
Diagram of X-Ray K-Edge Heavy Metal Detector .....	89
X-Ray Transmission Spectrum for a Thorium and Uranium Sample .....	89
Thermal Emission Spectra of Elements in a Molten Glass Stream.....	92
Current Practice of Environmental Characterization and Monitoring Survey Form.....	95
Potential Benefits of Early Site Characterization.....	99
