

FIRE SAFETY PROGRAM

Fire Extinguisher Training

AL-146

Hands-on training, conducted through ISU EHS, in the selection and use of fire extinguishers for incipient-stage fire fighting. Training may be mandatory for certain positions, but use is elective.

(See Section 8 of ESH&A Manual)

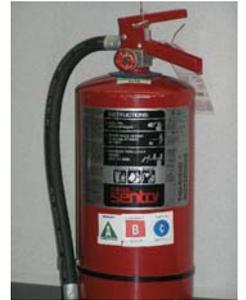

Fire Safety Brochure

AL-089

A brochure provided to all employees annually, to address the selection and use of fire extinguishers. Use of fire extinguishers is elective.

(See Section 8 of ESH&A Manual)

Hot Work Training

AL-149

Designed for those employees who use perform welding, cutting, or brazing.

(See Sections 5 and 8 of ESH&A Manual)
